Dear Rauni

At the recent meeting of the Executive Committee your message dated 4 February 2000 was discussed. I was instructed to write and point out to you that before the National Council can be officially recognised it is essential for you to submit to the Executive Committee the proposed Bye-laws for your Council. The Bye-laws will be considered by the Executive Committee and then submitted to the Governing Body Meeting for consideration and ratification.

The Executive Committee looked at the compilation of the proposed Council and were not happy to accept the membership as submitted. It is not possible to have the positions of Secretary and Treasurer combined, these two positions are of major importance and must be held by two different members.

With this letter I am sending you an outline for the submission of a National Council and recommended Bye-laws. The proposed National Council cannot be recognised in the International Inner Wheel Directory 2000/2001, as it must be ratified by the Governing Body before insertion in the Directory.

The next meeting of the Executive Committee is during the last week of June.

With kind regards.

Yours in the friendship of Inner Wheel

Margaret J Palmer  
SECRETARY
